Montréal, Québec — [taylor.fergusson99@gmail.com](mailto:taylor.fergusson99@gmail.com) — (306) 216-0210 — [linkedin.com/in/tfergusson](https://www.linkedin.com/in/tfergusson)

## OBJECTIVE

---

As a recent McGill University graduate with a BA in Computer Science and Psychology, I'm committed to integrating technology with a profound understanding of human perspectives and experiences. Currently as a coding instructor, I excel at simplifying complex concepts for young learners while igniting their passion for tech. My past warehouse experience has honed transferable skills, including attention to detail, organization, data management, and leadership, which I'm eager to apply in collaborative projects. Ultimately, I'm actively seeking opportunities in the tech industry to help bridge the gap between technology and psychology.

## EDUCATION

---

**McGill University**, Montréal, Québec

September 2018 — June 2023

Bachelor of Arts in Computer Science and Psychology

Overall GPA: 3.53

- With a strong foundation in both computer science and psychology, I've developed a unique blend of technical and cognitive skills. Particularly, my background in psychology allows me to understand the human aspect of technology, making me well-rounded in my approach to problem-solving and innovation.

## EXPERIENCE

---

**Alpha Coding**

North York, Ontario

*Coding Instructor (Remote)*

September 2022 - Present

- Customized coding curricula for 18 students aged 6-18, in languages including Python, Java, and Scratch.
- Employed engaging and interactive teaching methods to ease students into coding concepts. Facilitated active learning by fostering creativity and problem-solving.
- Tailored teaching strategies to match the unique needs of each student, allowing them to advance at their own pace and develop a solid understanding of coding fundamentals.

**RenoRun**

Montréal, Québec

*Warehouse Specialist*

June 2022 - August 2022

- Proficiently picked orders and maintained accurate inventory records, demonstrating attention to detail and data management skills.
- Collaborated with team members to ensure the fluidity of warehouse operations.
- Safely operated forklifts, emphasizing a commitment to safety and adherence to protocols.

**Sport Maska Inc.**

Montréal, Québec

*Warehouse Associate*

June 2020 - August 2020

- Used scanning technology to accurately and efficiently pick and process customer orders, while collaborating with team members to facilitate operations.

**Les Fermes Lufa / Lufa Farms**

Montréal, Québec

*Team Lead*

April 2019 - August 2019

- Led and supervised a team of 7 warehouse employees, encouraging teamwork and ensuring efficient operations while maintaining safety protocols.
- Utilized problem-solving and decision-making skills to optimize warehouse processes and increase efficiency.
- Managed data related to inventory, order fulfillment, and team performance.

## SKILLS

---

- **Related courses:** Software Development, Applied Machine Learning.
- **Programming:** Python (Proficient), Java (Proficient), C (Intermediate), Linux (Intermediate), HTML (Intermediate), CSS (Intermediate).
- **Software:** Visual Studio Code, Eclipse, IntelliJ IDEA, Excel.
- **Communication:** Clarity, collaboration, active listening, adaptability, feedback and evaluation, conflict resolution, instruction and explanation, presentation skills, client interaction.
